

Enjoy true peace of mind about your Burns & McBride Home Comfort Service Plan Membership.

- ✓ Properly maintained equipment breaks down less frequently and lasts longer
- ✓ Proper maintenance catches small problems before they become big ones
- ✓ Reduces the likelihood your equipment will breakdown when you need it most
- ✓ Jump to head of the line for same-day repair or maintenance service on Full Comfort and above memberships
- ✓ Full Comfort and above memberships provide coverage for heating, cooling, humidification, air purification and water heater as well.

What makes Burns & McBride's Service Plan Memberships better than others?

A Performance & Safety First Inspection (many of our competitors call this type of inspection a 'Tune-Up') is a valuable service to identify problems, and is a great first step to maintain your system in peak condition.

Our more advanced Memberships all include this inspection to identify problems, but also PROVIDE actual preventive maintenance services to fix common problems - and perform a detailed cleaning to reset your system to factory settings.

We service ALL brands and types of equipment including oil, gas and heat pumps.

Our Service Memberships are backed by a commitment to quality work and service that Burns & McBride is known for.

We Get It Right. Guaranteed.
